1

Prior to the fair, review the colleges on the back of this sheet, and talk to your parents and counselor about which to visit. Watch the video at www.nacacnet.org/ncfvideo for a complete overview of the fair.

2

At the fair, pick up the on-site locator for the latest list of schools and a map showing their booth locations.

3

Meet one-on-one with college representatives and ask them everything and anything about their colleges.

4

Need more direction? Visit the Counseling Center to talk to a counselor about choosing a major and other important advice. Also stop by the Resource Center for information on financial aid, scholarships and more.

5

Attend a Workshop to learn how to make preparing for college easier. (Possible topics include college selection process, financial aid, athletes, college essay writing, and more. Check online for the specific workshops at your fair.)
