FACES

“Formation through Advanced Catholic Education and Scholarship”

The Office for Catholic Schools initiated articulation agreements between our Catholic high schools and local Catholic universities and colleges. The purpose of forming these articulation agreements is to provide a means to bring our vision "Forming for Life" to fruition. As part of this vision, it is our desire to provide a seamless offering of Catholic school education, pre-kindergarten through post-secondary. By forming these articulations with our local Catholic post-secondary institutions, we hope to provide an opportunity to our Catholic youth to experience their formation in the Catholic Faith into adulthood. In turn, these young adults may be more prone to stay in our local Catholic communities, forming relationships locally, and having a positive impact on the Catholic Church through their service, leadership and vocations within our Catholic communities into the future.
