

Office 365 Apps - Android

Google Play Store

1. First open your App Store. This may vary for different Android Devices.

2. Select in the search bar and type Microsoft.

3. The apps pictured below are all available for you to use with your school account's access to Office 365! Just sign into one or more of the apps using your school email address and password and you will be able to access, create, and manipulate your school related files using your smartphone.
