Grant & Aid Assessment

FACTS makes quality education affordable for families by assisting schools in awarding financial aid. We work with schools to create a custom application and collect financial data so schools can make accurate award decisions based on financial need.

After completing the online application, you will need to upload all required supporting documentation.

The following supporting documents are required to complete the application process:

If you do not file a tax return, you are required to provide documentation of all income received.

All documentation received is imaged upon receipt and then destroyed.

You may log in to your FACTS user account to review the status of your application. Please allow 2 weeks processing time before inquiring further about receipt and/or status of the uploaded documents. Application deadlines are set by the institution awarding the aid. If you are applying after the deadline, contact your school to ensure that your application will be accepted.

A non-refundable application fee is required before your application to be submitted.
