Dear 10th, 11th, and 12th Grade Parent/Guardian(s),

Guidance visited every CHS class this week and shared information/registration packets with your student. Please look at the attached College In High School (CHS) brochure. If your child is currently enrolled in a CHS class or class that offers CHS credits, you can purchase college credits through Seton Hill University, Saint Vincent College, Saint Francis University, or Mount Aloysius College. Attached are the registration sheet guides for each college. Each College/University has a different deadline and pricing. This is noted in the brochure and registrations sheets. Please see the information below if you have questions regarding the difference between CHS and AP.

CHS vs AP

CHS stands for College in High School.

CHS is different than AP.

Some of our AP classes can also earn CHS credits with our partner colleges/universities.

*AP is governed by CollegeBoard. CollegeBoard determines the curriculum and AP teachers agree to teach that curriculum. There is an AP exam at the end of the school year for each AP class. **At GCC if you take an AP class you must register for your AP Course through MyAP, pay for and take the AP exam.** (This information will be shared with AP students soon.)*

***CHS** is a partnership with Saint Vincent College, Seton Hill University, Saint Francis University, and Mount Aloysius College. These colleges have examined several GCC courses and curriculum and determined the work and content as equal to a course taught on their campus. In the fall, Guidance visits all CHS classes and shares information on how to purchase college credits from one of these schools. When you graduate from GCC, if you purchase the credits from one of these schools, you'll have a college transcript that says you completed the class and earned college credit. GCC also offers two CHS classes through the University of Pittsburgh (CHS Pitt Calculus and CHS Pitt Physics) and the teachers of those classes will share registration information in the fall. Purchase of CHS credits is optional.*

All CHS credit registrations are completed online through each college. It is important that each student/family maintains records of which credits are purchased and through which institution.

MISSION STATEMENT

To promote the formation
of students within
a community of faith.

VISION STATEMENT

Our students will be
educated and impassioned
to lead extraordinary lives
in the Catholic tradition.
